Career Objective

Motivated MCA student with strong foundations in Java, JavaScript, Python, SQL, Data Structures & Algorithms, and the MERN stack. Experienced in building full-stack web applications and RESTful APIs through internship and academic projects. Seeking an Associate Software Developer opportunity to contribute to scalable software solutions, collaborate with cross-functional teams, and continuously grow as a software engineer.

Education

- **Master of Computer Applications (MCA)** Chandigarh University, Mohali | 2025-2027 | Current CGPA: 8.3/10.0
- **B.Sc. Computer Applications** Dr. Shyama prasad Mukherjee University, Ranchi | 2021-2024 | CGPA: 8.33/10.0
- **Intermediate (Class XII)** Bihar School Examination Board, Patna | 2019-2021 | Percentage: 72.4%
- **Matriculation (Class X)** Bihar School Examination Board, Patna | 2019 | Percentage: 74.4%

Internship

Full Stack Developer Intern | HashedBit Innovation

April 2024 – September 2024

- Built RESTful APIs using Node.js, Express.js, and MySQL for efficient product management and database operations.
- Implemented Forgot Password functionality with email-based authentication and built an admin panel to manage products.

Academic Projects

Ecommerce Platform | Role: Full Stack Developer | March 2026

- Developed a full-stack MERN e-commerce application with JWT authentication, product management, shopping cart, and order processing.
- Built RESTful APIs and integrated MongoDB for scalable data storage and efficient data management.

Blood Donation Management System | Role: Full Stack Developer | Jan 2026

- Developed a Blood Donation Management System using the MERN Stack with secure JWT-based authentication and role-based access control (Admin, Donor, Hospital, Requester).
- Designed a scalable MongoDB database using Mongoose and developed RESTful APIs with efficient CRUD operations.

Smart Language Translator | Role: Python Developer | Nov 2025

- Developed a Smart Language Translator using Python, Tkinter, and Google Translate API with multilingual support, auto language detection, clipboard copy, and an interactive GUI.

Technical Skills

- **Languages:** Java, SQL, JavaScript, C++, Python.
- **Web Technologies:** Bootstrap 5, Node.js, React.js, Express.js.
- **Core:** Data Structures & Algorithms, OOPs, DBMS.
- **Databases:** MySQL, MongoDB.
- **Tools:** VS Code, GitHub, Postman.

Soft Skills

- Strong analytical and problem-solving abilities.
- Effective verbal and written communication skills (Hindi, English).

Leadership Activities & Certification

- Student Coordinator at AI-FEST, Chandigarh University – helped organize the event, managed schedules, and coordinated with team members.
- **Certifications:**
 - AI for Data Science - Infosys Springboard (2026)
 - Programming Using Java - Infosys Springboard(2026)

Hobbies & Interests

- Competitive Programming and Exploring AI Tools.
- Travelling and Photography.
